**Do not risk the loss
of life, equipment and productivity!**

The danger of fire due to a mechanical or electrical defect is always present. Especially in extreme conditions, such as in mining or tunnel construction.

We have been facing this challenge for years and offer tailored solutions for our customers. Our expertise for the safety of your employees and the preservation of your construction machines and plants.

The **POWERTECH International Firefighting System** offers the solution with the right extinguishing system for your requirements.

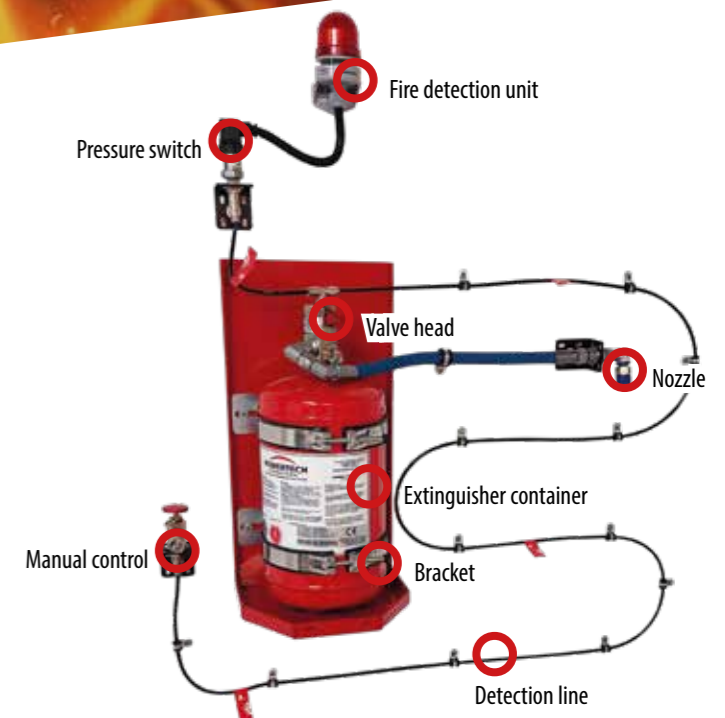

We will be happy to help you in selecting the right firefighting system for you. Use our contact form and tell us your vehicle and usage conditions. We will be pleased to provide you with a suitable offer.
